

Workshop FNV Open Data 11 feb. 2021

Frederika Welle Donker
Technische Universiteit Delft

Algemene bevindingen

- Veel databronnen gevonden
- Creatieve analyses

Zoek tips & tricks

- Voorzichtig met Google als zoekmachine!
 - Informatiefuik

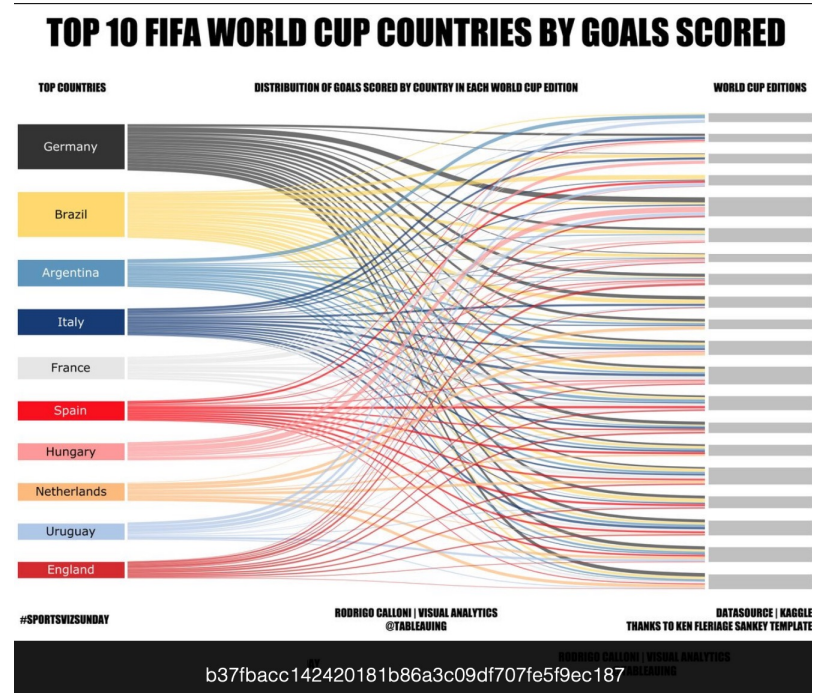

Beter: DuckDuckGo / Startpage.com

- Google Data Search (?)

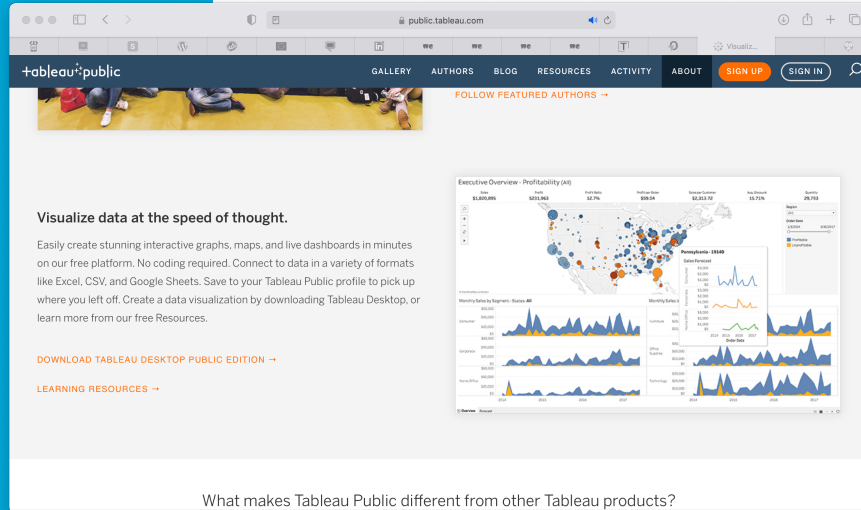

(Open) Data Visualisatie Tools

Zakelijk / BI / dashboards, etc.

- Tableau Public
- Google Data Studio
- MS Excel / Open Office / Office Libre Calc

Kunnen geïntegreerd worden

The screenshot shows the Tableau Public website. At the top, there's a navigation bar with links for GALLERY, AUTHORS, BLOG, RESOURCES, ACTIVITY, and ABOUT, along with SIGN UP and SIGN IN buttons. Below the navigation, there's a banner for "FOLLOW FEATURED AUTHORS". The main content area features a large dashboard titled "Executive Overview - Profitability (M)" with various charts and maps. To the left of the dashboard, there's a text block that reads: "Visualize data at the speed of thought. Easily create stunning interactive graphs, maps, and live dashboards in minutes on our free platform. No coding required. Connect to data in a variety of formats like Excel, CSV, and Google Sheets. Save to your Tableau Public profile to pick up where you left off. Create a data visualization by downloading Tableau Desktop, or learn more from our free Resources." Below this text are two links: "DOWNLOAD TABLEAU DESKTOP PUBLIC EDITION" and "LEARNING RESOURCES".

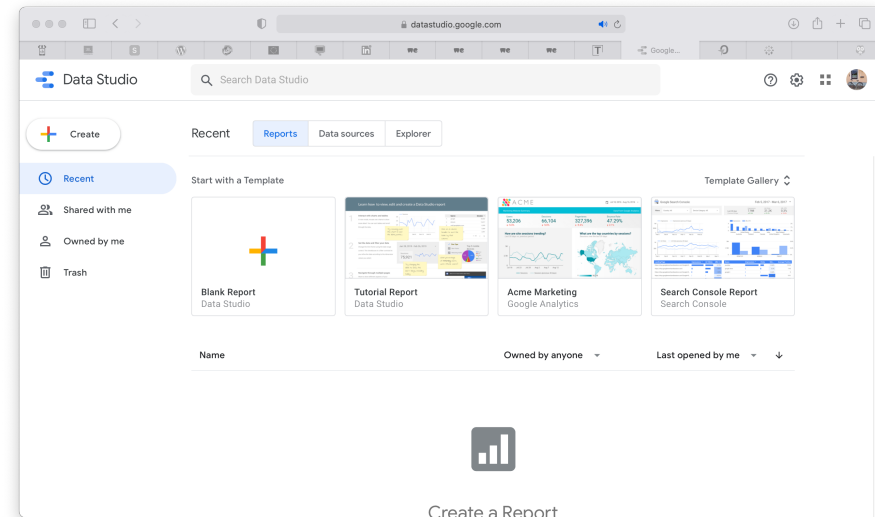

Visualize data at the speed of thought.

Easily create stunning interactive graphs, maps, and live dashboards in minutes on our free platform. No coding required. Connect to data in a variety of formats like Excel, CSV, and Google Sheets. Save to your Tableau Public profile to pick up where you left off. Create a data visualization by downloading Tableau Desktop, or learn more from our free Resources.

What makes Tableau Public different from other Tableau products?

The screenshot shows the Google Data Studio interface. At the top, there's a search bar for "Data Studio" and a "Create" button. Below the search bar, there are tabs for "Recent", "Reports", "Data sources", and "Explorer". The "Recent" tab is active, showing a list of reports. The list includes a "Blank Report" (Data Studio), a "Tutorial Report" (Data Studio), an "Acme Marketing" report (Google Analytics), and a "Search Console Report" (Search Console). Below the list, there are columns for "Name", "Owned by anyone", and "Last opened by me". At the bottom of the interface, there's a "Create a Report" button with a bar chart icon.
